The Farm extends over 30 hectares of Guyot-cultivated vineyards on the pleasant hills that from Capriva lead to Cormons. It is the heart of the Collio on marly soils of Eocene origin which has always been a cradle of cultivation of traditional and international vineyards such as: Ribolla Gialla, Friulano, Sauvignon, Chardonnay, Pinot Grigio, Merlot and Cabernet Franc.

PINOT GRIGIO DOP COLLIO

BLEND
Pinot Grigio.

LOCATION OF THE VINEYARDS
Production area DOP COLLIO.

VINIFICATION
Manual harvesting of grapes followed by maceration in a low-temperature stainless steel fermenter. After racking and the stages of static clarification with the help of selected yeasts, the alcoholic fermentation is carried out at a controlled temperature and stagnates on the mother culture. The clarification, microbiological stabilization and filtration phases follow in the spring after the harvest.

COLOUR
Straw yellow with slightly coppery reflections.

SENSORY ANALYSIS
Fruity and very delicate fragrances with hints of apple, soft and enveloping taste.

GASTRONOMIC COMBINATIONS
Fish starters, delicate fish first courses, cured meats, non-aged cheeses, white meats.
